

### The Constituent Assembly

The Assembly is made up of directors and legal representatives of associate members; thus all the members are represented. The Assembly has the following functions:

- To elect the President of the Assembly;
- To elect the members of the Board of Governors and the Auditing Body, and to revoke their mandate;
- To evaluate, control and approve the programme of activities of the Board of Governors and the Technical Committee;
- To pass the budgets;
- To deliberate upon the exclusion of Members, approve the Regulations and their possible modification;
- To decide the annual contribution for the running of the Association and possible variations in the reserve fund of the Association and its amount

### The Board of Governors

The Board of Governors is composed of nine members, one of whom is President and another Vice-President.
